Mr and Mrs. Glenwood Anway arrived home in Toledo Sunday evening from a two-weeks' vacation and camping trip at Interlocken State Park in Michigan, and were unable to be present at the family party.

IMPORTANT MEETING
HELD FOR FARMERS

An important meeting for farmers of the county who had crops damaged by recent hail storms, will be held Friday, July 31st at 9:00 a m at the Republic School and at 1 00 p m in the Assembly Room at Noba It is important that each farmer attend either of the meetings It is not necessary to attend both meetings

The meetings will be in charge of B E. Gamble, County Agricultural Agent and Chas. Cook, County A S C chairman The purpose of the meetings will be to determine the amount of loss which occurred on each of the farms

This information has been requested by the State Director of the Farmers Home Administration and will be used in determining the possibility of aid to the farmers so affected.

Because of the difficulty in securing the names of all farmers in the county where hail damage occurred, it is important that they attend the meetings in case they had crops injured by hail. The meetings should not last longer than 45 minutes to one hour.

Woman to friend: "She's the vacuum cleaner type—just purrs and takes in the dirt."

REPORT MADE ON
MILK TESTING

According to the monthly production testing report for dariymen of the county, as prepared by Arvids Danenbergs and Wilbur Nye, the production testers, in cooperation with B. E. Gamble, County Extension Agent, Agriculture, 32 herds were on test under DHIA plan for the month of June and 31 herds under the owner sampler plan.

The three high cows of the county based on the pounds of milk produced during the month of June were three cows from the herd of Herbert and John Damschroder, which produced 2508 pounds of milk, 2430 pounds and 2310 pounds. Among the four high cows based on the pounds of butter fat was a cow from the herd of Herbert and John Damschroder which produced 85 pounds of butter fat during the month, one from the herd of C. C. Yost and K. Ruhl 78 pounds, another from the herd of Herbert and John Damschroder 78 pounds, and one from the herd of A. I Weiker and Carlton Weiker, 73 pounds.

Based on herd averages the three high herds in the county for the category of 5 to 25 cows in the herd, the Harold Welter and Dr. Mullholand herd averaged 43.1 pounds of butter fat during the month, the A. I. & Carlton Weiker herd 41 5 and the Milo Saul-Charles Frankart herd 40 6. For the larger herds of over 25 cows the Arvids Danenbergs-A Pladars herd averaged 38 pounds of butter-fat per cow during the month, the Herbert and John Damschroder herd 37 4 and the L. J & R F Utz herd 36.8.

The high producing Holstein herd was the Harold Welter-Dr Mullholand herd, high for Guernseys, R. C. Walters and Son and for Jerseys, Marion Kelbley herd, and for Brown Swiss, Richard Hayman herd

Cows producing over 50 pounds of butter fat during the month include nine from the herd of Herbert and John Damschroder, eight from A I & Carlton Weiker herd, seven from M Saul-Charles Frankart herd, seven from Ed Behm-Blanch Riley herd, six each from herds of Robert Raitz, L. J & R F Utz and A Danenberg-A Pladars herds; five each from Harold Welter-Dr, Mulholland and Paul E Wise herds; four each from Paul Frankart-Dr R E Shriner herds; three each from herds of J J Zieber, Marion Kelbley, R L Sigler, R Seymour-H Ziegler, Urban Smith Charles George, John R Martin herds, two each from the Ralph Baldosser, Robert Rohde, Richard Hayman, Emil Siegle C C Yost-K Ruhl, Arden Cleveland, Nelson Price, Delbert Vogel, Carl Cook & Sons, and one each from the Merle Hunker, Marion Schreiner, Jean Lemmermen and Don Kessler herds

COMPLETES DRIVERS'
TRAINING COURSE

Larry T Lewis, son of Mr and Mrs Ralph N. Lewis of Republic and a sophomore in education at Bowling Green State University, will complete Friday a concentrated, 60-hour course at Bowling Green State University that will qualify him as a driver education instructor in high school.

Mrs. Lewis will have received 36 hours of classroom instruction and 24 hours of actual driving in the two-week workshop, which has been financed in part by grants from the Allstate Foundation of Chicago.

Since 1954, the Foundation has contributed $21,250 to the University's driver education program.

In pointing out the need for driver education in high schools, BGSU driver education instructor Bruce Bellard said, "Statistics have shown that students with driver training have 50 per cent fewer accidents and law violations than those without instruction We consider it one of the most important courses a student can take His life may depend upon it."

Mr Lewis is one of nearly 800 University students and high school administrators and teachers who have taken the course since it began in 1952.

The little boy wanted $100 so badly he decided to pray for it. He prayed several weeks with no results. So he wrote God. The post office finally forwarded the letter to the White House. The President chuckled and ordered $5 sent to the boy. The lad, delighted that his prayers had been answered, in part at least, wrote a thank-you note to God but added this P. S.: "I notice you routed my letter through Washington and as usual the bureaucrats deducted 95 per cent."

Three Dead As Result of Auto Collision

Three people are dead as this paper goes to press as the result of a head-on collision of two automobiles on Route 224 southeast of Republic on the hill between the Mrs. John Mote and Robert Carrick farms about 6:10 p.m. Tuesday.

According to reports, an Illinois car with three occupants was travelling west, and a Pennsylvania automobile with two occupants was driving east when the Illinois car attempted to pass a truck load of bricks on the hill.

A woman in the Illinois car was killed instantly and a man in that vehicle died at 8:45 p.m. at Mercy Hospital The third occupant of that car is in the Tiffin hospital.

The two Pennsylvania people, a man and a woman, were taken to the Willard Hospital where the woman died at 10:15 p.m.

200 CRIPPLED CHILDREN
TO ENJOY CAMPING
AT CAMP PITTENGER

Dreams of fun for 200 crippled boys and girls will become reality in August when they will arrive at Camp Pittenger, near Tiffin, to spend a long fun-packed camping period with other crippled children from across the state, according to Walter B. Underwood, executive director, Ohio Society for Crippled Children.

Mr. Underwood released the names of the youngsters today who are expected to attend the first camp session for crippled children starting August 2. Mr. C. H. Klippel, Columbus, will direct the camp.

Mr. Klippel states "A camping vacation is a 'do-it-yourself'—'do-it-together' project. A camper must be eager and willing to go to camp—and then willing to share the joy with others. We will endeavor to pass on to our campers the great hertiage of the out-of-doors, the pioneering experiences connected with the woods, lakes, rivers, and all that goes with them The activities, the adventures and the group living will give our campers sustaining ideals and attitudes. The happiness, too, which it gives to boys and girls is a great help in forming attitudes. So are the green pastures and the still waters and the many other deep and lasting experiences that will enrich the lives of these children."

A limited number of openings remain in the second camp session beginning Sunday afternoon, August 16, and closing Friday, August 28. Further information can be obtained by contacting your county Society for Crippled Children or The Ohio Society for Crippled Children, 311 Kendall Place, Columbus 5, Ohio.

Campers who have been accepted include Gerald Widman, Rt. 1, Bloomville, son of Mr. and Mrs. Philip Widman.

What's the *first* thing to do in case of fire?

Call the Fire Department!

Many homes could be saved if this were done. Of course, you should keep a fire extinguisher handy . . . follow safety rules set up by the Fire Department.

But safety rules aren't always enough. Make sure your home is fully protected with fire insurance, too. Call us for a checkup.
